

# MBK 150 EC

**SKU:** MBKEC00133M

In-line ventilation box. Built with a backward-bladed centrifugal fan mounted on an external rotor motor. The motors used in this series are brushless, high-efficiency EC motors. Suitable for control via a 0-10V input signal.

- Single ear reaction fan
- External rotor motor.
- Enclosure made of galvanised sheet steel.
- External rotor motor with IP44 protection, B class.
- Adjustable.
- Sandwich panel with 20mm thick thermo-acoustic insulation.
- High efficiency brushless EC motors. They can be controlled by a 0-10V signal.

## ESPECIFICACIONES TÉCNICAS

<b>FAMILIA</b>	MBK
<b>TIPOLOGIA</b>	STANDARD APPLICATION
<b>Montaje</b>	CIRCULAR DUCT
<b>Diámetro</b>	133mm
<b>Alimentación</b>	~l/50-60Hz
<b>Potencia</b>	27 W
